

# Provisional fairgrounds map 2025

Status: November 2024

June 24–27, 2025 | Trade Fair Center Messe München

- B6** Industrial robots, drive technology, control systems technology and industrial communications, software and cloud computing, electrical engineering
- B5** Machine vision, sensor technology, industrial robots
- B4** Industrial robots (incl. collaborative, mobile), start-ups
- A6** Assembly and handling technology
- A5** Assembly and handling technology, clamping and gripping technology, drive technology
- A4** Machine vision, safety components, electrical engineering, industrial robots, professional service robotics

- A2** Laser and optoelectronics, integrated photonics, optical information and communication
- A3** Laser and laser systems for production engineering, sensors, test and measurement, optical measurement systems, imaging
- B1** Optics, manufacturing technology for optics
- B2** Lasers and optoelectronics, biophotonics and medical engineering
- B3** Laser and laser systems for production engineering

- A1** Laser systems, subsystems and components for quantum technology, quantum computing and stimulation, quantum communication and cryptography, quantum sensing and quantum imaging

The automatica ticket includes admission to the Laser World of Photonics and the World of Quantum.
